NOTICE TO ANNUAL GENERAL MEETING OF NYFOSA AB

The Annual General Meeting of Nyfosa AB will be held on Thursday April 23, 2020 at 3.00 p.m. CET at Vasateatern, Vasagatan 19, in Stockholm, Sweden. Registration begins at 2.45 p.m. CET.

PLEASE NOTE

On March 23, 2020, Nyfosa announced that the Board had resolved to withdraw its proposal to the Annual General Meeting 2020 on a dividend in kind of shares in the company Torslanda Property Investment AB (publ) ("TPI") to Nyfosa's shareholders, in light of the increased uncertainty in the stock market as a result of COVID-19 (the coronavirus). Once the volatility has normalised and if otherwise deemed appropriate, it is the Board's ambition to convene an Extraordinary General Meeting to consider the distribution of TPI shares.

On March 27, 2020, Nyfosa announced that the nomination committee had decided to change its proposal regarding remuneration to the Board and committees so that the remuneration remains unchanged. The proposal regarding item 12 on the agenda has therefore been updated in accordance with below.

IMPORTANT INFORMATION WITH REGARDS TO COVID-19 (THE CORONAVIRUS)

For shareholders who are worried about the spread of infection due to the new coronavirus, Nyfosa wants to emphasize the possibility of not attending in person at the Annual General Meeting and instead appoint a proxy holder who can vote on their behalf. Nyfosa also recommends such solution for anyone displaying symptoms of illness, who is considered to be part of a risk group or who has recently travelled to a risk area. The purpose is to avoid further spreading the infection.

Resolution on adoption of guidelines for remuneration to senior executives (item 16)

The Board proposes that the general meeting resolves to adopt the following guidelines for remuneration payable to senior executives:

Nyfosa AB has established principles and forms of remuneration to senior executives. The Board resolves, after the remuneration committee's preparation, on the size and forms of remuneration structures and remuneration payable to senior executives. The term "senior executives" means the Chief Executive Officer (CEO) and other members of the company's management. The Board proposes that the following guidelines for remuneration to the company's senior executives are adopted by the general meeting to apply until further notice, although not longer than until the 2024 Annual General Meeting. These guidelines apply to agreements concluded after the 2020 Annual General Meeting's resolution and where amendments are made to existing agreements after that time. These guidelines do not apply to any remuneration resolved upon by the general meeting.

The guideline's promotion of the company's business strategy, long-term interests and sustainability

On March 13, 2020, Nyfosa announced a new financial target and a new dividend policy as well as an updated business concept and vision, see the company's website www.nyfosa.se. A prerequisite for a successful implementation of the company's strategy and safeguarding of its long-term interests, including its sustainability and equality, is that the company is able to recruit and retain qualified personnel. To be able to recruit and retain a highly competent management with capacity to achieve set targets, the company shall apply competitive compensation levels and employment terms in line with market practice. The forms of remuneration shall motivate senior executives to do their utmost to ensure the shareholders' interests. The forms of remuneration shall also be simple, long-term and measurable.

Types of remuneration, etc.

The remuneration to senior executives may comprise a fixed and a variable part and pension benefits and other benefits. The fixed salary for senior executives shall be adapted to market conditions and be based on competence, responsibility and performance.

Variable remuneration may be awarded to the senior executives when the Board considers that it encourages the accurate behavior and does not jeopardize long-term value creation. The variable remuneration shall reward target-related results and improvements in simple and transparent structures and shall be maximized. Any outcome must relate to the fulfilment of the company's financial targets and other measurable performances related to sustainability which will support long-term shareholder value. Established performances shall mainly be common to senior executives, but may also, to a lesser extent, refer to individual performance. As a general rule, the measurement period for variable remuneration is based on performance for a period of approximately twelve months. Variable remuneration to each senior executive may not exceed six months' salary and shall not entitle to pension benefits.

Senior executives' non-monetary benefits shall facilitate the work of senior executives and correspond to what may be deemed reasonable in relation to standard practices on the market in which each senior executive operates. Premiums and other costs relating to such benefits may amount to not more than five percent of the fixed annual cash salary.

Senior executives may be offered incentive plans which shall primarily be share-based or share price-related. Any incentive plan must aim to improve the participants' commitment to the company's development and be implemented on market terms. Share-based and share price-related incentive plans shall be resolved by the general meeting and are therefore exempted from these guidelines. The company shall be able to pay cash remuneration linked to senior executives' acquisition of shares or share-related instruments. Such cash remuneration shall not generally exceed 15 percent of the fixed annual cash salary. For more information regarding outstanding incentive plans, see the company's website www.nyfosa.se.

The terms for pension benefits for senior executives shall be based on defined contribution pension plans and comply with or correspond to, and thereby be limited to, general pension plans, the ITP plan in Sweden.

Termination of employment

Salary during the period of notice and severance pay for a senior executive may together not exceed an amount equivalent to 18 months' salary, if notice of termination is made by the company, and six months' salary when notice of termination is made by the senior executive.

Salary and employment conditions for employees

Nyfosa has a de-centralised and relatively small organisation. The most vital functions for the company are provided in-house and other more standardised functions are insourced from external service providers.

In the preparation of the Board's proposal for these remuneration guidelines, salary and employment conditions for employees of the company have been taken into account by including information on the employees' total income, the components of the remuneration and increase and growth rate over time, in the remuneration committee's and the Board's basis of decision when evaluating whether the guidelines and the limitations set out herein are reasonable.

Remuneration to the Board in addition to fees to the Board resolved by the general meeting

In special cases, Board members elected by the general meeting should be able to receive fees and other remuneration for work carried out on the company's behalf, alongside their Board work. Fees at market rates, to be approved by the Board, may be payable for such services. These guidelines are applicable on such remuneration.

The decision-making process to determine, review and implement the guidelines

The Board has established a remuneration committee. The committee's tasks include preparing the Board's decision to propose guidelines for remuneration to senior executives as well as any deviation from the guidelines. The Board shall prepare a proposal for new guidelines at least every fourth year and present the proposal for resolution by the Annual General Meeting. The guidelines shall be in force until new guidelines are adopted by the general meeting. The remuneration committee shall also monitor and evaluate plans for variable remuneration to the executive management, the application of the guidelines for remuneration to senior executives as well as the current remuneration structures and compensation levels in the company. The members of the remuneration committee are independent from the company and its executive management. In the Boards' work regarding remuneration-related matters, the CEO of the company and the other members of the executive management are not present in so far as the questions concern their own remuneration.

Deviation from the guidelines

The Board may temporarily resolve to deviate, in whole or in part, from the guidelines for remuneration to senior executives set out above, in whole or in part, if in a specific case there is special cause for the deviation and a deviation is necessary to serve the company's long-term interests, including its sustainability, or to ensure the company's financial viability. If the Board deviates from the guidelines for remuneration to senior executives this shall be reported in the remuneration report before the upcoming Annual General Meeting.

Resolution on authorisation for the Board to resolve to issue new shares (item 17)

The Board proposes that the general meeting resolves on issue authorisation in accordance with the following.

The Board shall be authorised to resolve to issue new shares on one or several occasions for the period up to the next Annual General Meeting, to the extent that such new issue can be made without amending the articles of association. An issue may be made with or without deviation from the shareholders' preferential rights. Based on the authorisation, the Board may resolve to issue a number of new shares corresponding to a maximum of twenty percent of the total number of outstanding shares in the company.

The Board shall be authorised to resolve on issue where payment is made in cash, by contribution in kind or by way of set-off, or otherwise on such conditions as referred to in Chapter 2, section 5, second paragraph, items 1-3 and 5 of the Swedish Companies Act.

A cash issue or issue by way of set-off that takes place with deviation from the shareholders' preferential rights shall be in line with market terms.

The purpose of the authorisation and the reasons for the deviation from the shareholders' preferential rights are that the Board shall be able to resolve on issue of shares in order to finance acquisitions of real property or real property companies, or part of real property or real property companies, or in order to finance investments in new or existing real properties.

Resolution on authorisation for the Board to resolve on acquisition and transfer of shares in the company (item 18)

The Board proposes that the general meeting resolves on repurchase and transfer authorisation in accordance with the following.

The Board shall be authorised to, on one or more occasions for the period until the end of the next Annual General Meeting, acquire shares in the company so that, as a maximum, the company's holding following the acquisition does not exceed 10 percent of all the shares in Nyfosa at any time. Acquisitions may only be conducted at Nasdaq Stockholm and at a price that is within the registered range for the share price prevailing at any time, that is, the range between the highest bid price and the lowest ask price. In the event that acquisitions are effected by a stock broker assigned by the company, the price for the shares may, however, correspond to the volume weighted average price during the time period within which the shares were acquired, even if the volume weighted average price on the day of delivery to Nyfosa falls outside the price range. Payment for the shares shall be made in cash.

The Board further proposes that the general meeting resolves to authorise the Board to, on one or more occasions for the period until the end of the next Annual General Meeting, resolve upon transfer of the company's shares. The number of shares to be transferred may not exceed the total number of shares

held by the company at any time. Transfers may be conducted on or outside Nasdaq Stockholm, including a right to resolve upon deviations from the shareholders' pre-emption right. Transfer of shares on Nasdaq Stockholm shall be conducted at a price within the from time to time registered price range. Transfers of shares outside Nasdaq Stockholm shall be conducted at a price in cash or value in property that corresponds to the, at the time of the transfer, current market share price of the shares in Nyfosa that are transferred, with such deviation that the Board considers appropriate in each case.

The purpose of the authorisations is to provide the Board with greater flexibility to adapt the company's capital structure to the capital needs from time to time as well as to enable the financing of acquisitions of real property or real property companies, or part of real property or real property companies in a cost efficient way through payment with the company's shares.

Resolution on amendments to the articles of association (item 19)
